**SHIREI BETH HAKNESETH**

FOR CANTOR AND CHOIR

VOL. I

for the **SABBATH** and **SHOLOSH-**  
**R'GOLIM**

COMPOSED BY

**CANTOR JOSHUA S. WEISSER**

(PILDERWASSER)

**Cantor Joshua Samuel Weisser**  
(Pilderwasser)

## P R E F A C E

Since the early days of my long career as a cantor I have constantly dreamed of publishing my choral compositions. At the outset, I therefore offer a sincere prayer of personal thanks to the Almighty Who has made it possible for me to see the first fruits of my labors in this sacred field, available for use among my colleagues and all lovers of liturgical music throughout the world. I pray that the Holy One, blessed be He, grant me the privilege of soon publishing the second volume of my current collection of choral compositions SHIREI BETH HAKNESETH for the High Holy Days, already in manuscript form.

The compositions appearing in the first volume of SHIREI BETH HAKNESETH were produced at various stages of my career. Although many of them were composed in Europe, the great majority of them were composed in the United States. The compositions have all been tried and tested over a period of many years in various synagogues in Europe and the United States where I officiated as cantor, from time to time, with my choir. Rather than publish all of the material which accumulated during the course of so many years of cantorial and choral experience, I have carefully selected those which appear to be most suitable for this type of collection for synagogue purposes. Without altering their authentic traditional Hebrew character, I have endeavored to arrange the compositions to blend with modern musical concepts.

Diligent study and rendition in the synagogue, of these compositions and the newly added recitatives for Sabbath and Sholosh R'golim, will best bring out their inspirational qualities. These compositions and recitatives are primarily and basically sacred prayers, and when sung with the proper understanding, mastery and reverence, will merit the favor of G-d and man for the cantor, choir and worshipers.
